Why Merge

Design adds product value

Our design vision extends beyond, aiming to align with your business objectives, enhancing NPS, acquisition, and LTV, maximizing your ROI.

We are in this together

We're aiming to deliver the highest value for the best cost to grow with you from round to round.

Reliable delivery built on experience

We prioritize to keep you informed through regular updates and always up-to-date timelines and budgets.

Product experts

Our expert team delivers top-tier solutions, combining deep expertise and in-depth understanding for superior product quality.

What you get

First-month trial

Pay 50% if we don't match your expectations.

Clear billed hours

Understand where your money goes with easy-to-follow breakdowns of billable hours.

Adjustable on the fly

We seamlessly adapt to your changing needs.

Fast responses from management

Expect prompt and efficient responses to your queries.

CoinLedger

Merge's understanding of user experience helped us to decrease the number of support tickets by 28%. It's why we've continued to use their services even after a year."

David Kemmerer, Co-founder and CEO at CoinLedger
